Re: Riverside Uniforms

To Whom It May Concern:

Our Company began purchasing uniforms from Riverside Manufacturing Company several years ago and we have been very pleased with the durability and fit of the uniforms. We also benefit from the fact that they are Manufacturers by getting new and innovative products.

As the supply person I like the fact that the sizes of our Employees are kept on file. It is quick and easy to place an order and I know that it will arrive in a timely manner. The Sales representative makes every effort to help me out when I need something quickly and is always informative and friendly.

I would recommend that you take a few moments of your time and take a good look at their products.
